Sumitomo Corporation Group has deep ties to the region, with Sumitomo Corporation (Chile) Limitada headquartered in Santiago, Chile.

These fires devastated the urban areas of the region, upending the lives of thousands of Chileans over the course of five days. There are over 370 people still reported missing and the fires have destroyed tens of thousands of buildings, resulting in an estimated \$4.39 billion in damages.

"It is incumbent upon us to uphold our commitment to support the societies and economies in which we do business," said Tom Wada, President and CEO of SCOA and General Manager for SC Americas. "Sumitomo Corporation has been a major investor and business partner for various industries throughout Chile for decades.
